10	Aux Cable Extension Base	Connect to ANTBTG1 Line Out	Extends either the AUX in or AUX outputs

Notes:

- When the charging cable is connected, the ANTBTG1 automatically powers off. In this case restart and pair the Bluetooth again.
- The Green LED automatically turns off after full charge.
- Guitar and other instruments can constantly be connected to the Line In without Bluetooth pairing.
- Incoming phone calls: When there is an incoming call the Bluetooth Audio stream is temporarily suspended. During the call, all the functions of the phone are handed back to the handset. (This device is not designed to facilitate handsfree calls)
- The ANTBTG1 is always in discovery mode, search on your phone to automatically connect via Bluetooth
- The unit will turn off and unpair to save battery power if inactive for more than 10 minutes
